### SYBYL'S SCENARIO

Maire Empress is the featured player in this three part picture which was produced exactly as submitted by the writer of the scenario, a woman who gave her imagination free reign. The plot concerns the attempted seduction of a young girl by a man who turns out to be her father, and the rescue of the child by her mother, a music hall entertainer. The settings are good and the acting is appropriately melodramatic.

## ASK THOMPSON CREDITORS FOR 3 YEARS TIME

Will Take That Much Time to Handle Big Liquidation.

## INTEREST WILL BE PAID

Samuel Untermeyer Writes Letter to the Secured Creditors.

UNIONTOWN, Sept. 1.—Secured creditors of J. V. Thompson, former banker and coal operator of Uniontown, were yesterday asked to extend their loans for a period of three years. The request was contained in a letter sent from New York by Samuel Untermeyer, counsel for the creditors' committee and is the result, it is reported, of a deal for the sale of part of Thompson's coal lands. The letter explains that the plan will probably save the majority of the unsecured creditors from ruin, inasmuch as the marketing of Thompson's coal holdings by foreclosure proceedings would destroy all coal values for years to come.

The request for the extension carries the proviso that all taxes and interest due on the property be paid on or before December 9, this year, and kept paid up thereafter as specified in the obligation held by the secured creditors.

The reported deal pending, it is said, will provide the necessary funds for the payment of the taxes on the property and the interest on the loans, which, combined, is accruing at the rate of \$300 an hour. It is believed the deal will be completed by December 9 and the secured creditors have been asked to answer by next Monday whether they will extend their loans. The letter sent out to the secured creditors is as follows:

### HOW TO BE SLIM.

If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Martin's Drug Store, 325 Main Street, and get a box of Oil of Korein capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

## Mallory Hats

WHEN you put off that old straw hat, what kind of a hat will you put on?

"You are listed as a secured creditor of J. V. Thompson."

"This committee formed to save for you and other creditors their equity in this property and pay the loan are lending their best efforts to secure prompt results."

"You fully realize that, were these immense coal holdings thrown on the market by foreclosure proceedings, you might secure the coal lands, but other creditors would be ruined and all coal values would be destroyed for years to come."

"This committee now asks you and all other secured creditors to agree at once to extend your loan for a period of three years, provided the interest due and payable and the taxes on the property be paid on or before December 9, 1916, and kept paid up thereafter as specified in the obligation you now hold. We believe that if you and the other creditors will promptly agree to this proposal the property can be saved and the creditors paid. This letter is being sent today to all secured creditors, and if you desire further information, please write, wire or call the Uniontown office of the committee. But your immediate action is necessary."
